

October 2019 bloodborne pathogens (BBP) education

“CEG0004 October 2019 Bloodborne Pathogens (BBP) Education” will be available on I-Learn beginning at 8 a.m., Oct. 1 through Oct. 31.

BBP education is important to assure the health and safety of our patients and team members. It also contributes to minimizing risk to the organization. This mandatory online training module helps support our quality and safety goals.

Failure to complete **CEG0004 October 2019 Bloodborne Pathogens (BBP) Education** by 11:59 p.m. on Oct. 31, 2019, will result in the loss of network access (including Dimensions). Team members will be able to access I-Learn to complete the module. Once the module has been completed, network access will be restored.

Please note: Network access restoration may take 24 hours or more.

Questions?

- Talk with your leader
- Call your local infection prevention office

Who must complete BBP?

All risk category 1 team members and providers must complete BBP education every 11 months to remain in compliance with OSHA regulations.

Risk category 1 team members include those who have contact with our patients and/or are exposed/at risk for exposure to blood and body fluids.

Not sure if you are risk category 1? Talk to your leader!

How do I access BBP education?

- On campus (at work): use your Novant Health network access to I-Learn. You **do not** have to enroll in the BBP module. Risk Category 1 team members will be auto-enrolled.
- Off campus (from home): use “Employee connections” via <https://www.novanthealth.org/employee-connections.aspx> to access the Novant Health intranet.
