

# I-Learn: Android devices

## Step One - Download Cornerstone Learn app

1. Access Google Play Store for Android on your device
2. Locate **Cornerstone Learn** app
3. Download app

Cornerstone Learn  
Cornerstone OnDemand, Inc.

**Note:** there are two apps for Cornerstone. You will need to **download the Cornerstone Learn app (bright blue color)** for learning. **DO NOT** download *Cornerstone Mobile app (dark blue color)*.

## Step Two – Log in using Single Sign On (SSO) through Novant Health system

1. Click **LOG IN WITH SSO** on the first screen
2. Enter **novanthealthlearning** for the Portal name. (.csod.com will be added automatically)
3. Enter your **Corporate ID** for the User Name (ex. ABC123)
4. Tap **LOGIN**

After initial installation and login, app will open to this screen

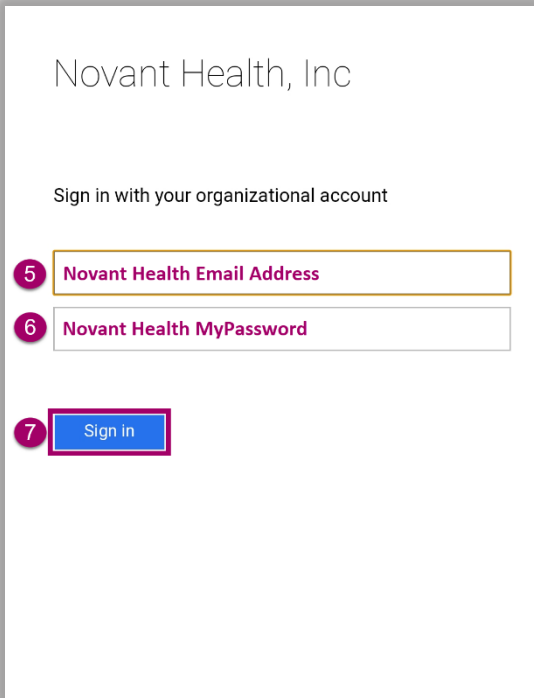

The screenshot shows the initial login screen of the Cornerstone app. At the top is the Cornerstone logo. Below it are three input fields: 'Portal' with the text 'LEAVE BLANK', 'Username' with 'LEAVE BLANK', and 'Password' with 'LEAVE BLANK'. At the bottom, there is a 'LOGIN' button that is crossed out with a large red 'X'. Below the button is a button labeled 'LOG IN WITH SSO' with a circled '1' next to it.

The screenshot shows the login screen after the user has selected 'LOG IN WITH SSO'. The 'Portal' field now contains 'novanthealthlearning.csod.com' with a circled '2' next to it. The 'Username' field contains 'Corporate ID (ABC123)' with a circled '3' next to it. The 'LOGIN' button is now highlighted with a red border and has a circled '4' next to it. The 'LOG IN WITH CREDENTIALS' button is crossed out with a large red 'X'.

On the Sign in with your organizational account screen

5. Enter your **Novant Health email address**
6. Enter your **Novant Health MyPassword**
7. Tap **Sign In**

Novant Health, Inc

Sign in with your organizational account

5 Novant Health Email Address

6 Novant Health MyPassword

7 Sign in

## Note:

Once installed, the app will change slightly and be listed as **Learn** in your list of apps.

Screens may vary slightly based on mobile device and Android version.

App requires phones / tablets are running Marshmallow (ver 6+).

Courses will resize based on the device. Tablets are recommended for best viewing experience. (Future classes will be optimized for smartphones.)

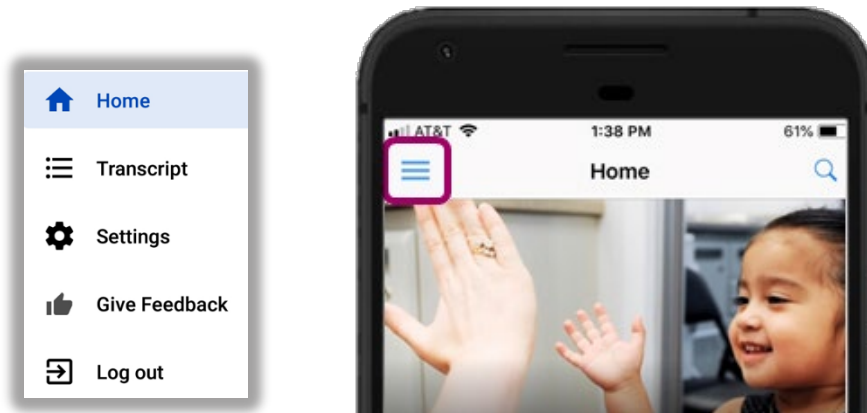

# I-Learn: Android devices

## Step Three -

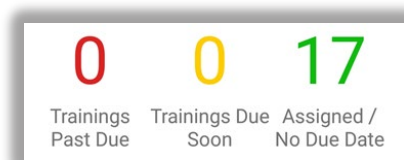

### Learner Home Page

The Learner Home Page will display as the landing page for the app, allowing mobile learners to browse, search for and request training.

1. Click the **menu icon** to view more options. (The location of this icon varies with device.)

- a. **Home** – Navigate to Learner Home Page.
  - b. **Transcript** – Shows transcript showing mobile-enabled courses.
  - c. **Settings** – **Do not change settings.** System has only been optimized for mobile-ready courses.
  - d. **Give Feedback** – Opens Cornerstone website to provide feedback
  - e. **Log out** – Log out of the app.
2. Swipe left on the Learner Home page image to see other images.
  3. Training metrics detail mobile **Trainings Past Due**, **Due Soon** and training **Assigned / No Due Date**. Select one of the choices to see the items on your mobile transcript.

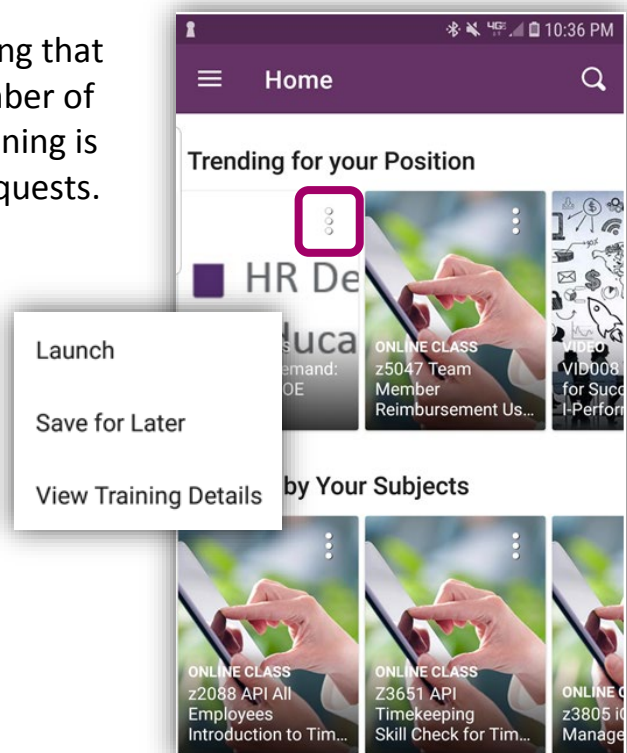

# I-Learn: Android devices

4. Below the training metrics, several carousels display mobile-enabled training. These sections populate and change based on use. Swipe left in each section to view more training.
  - a. **Continue Learning** displays up to 20 mobile-enabled items on the user's Active Mobile Transcript.
  - b. **Save for Later** displays training the user has chosen to Save for Later. This section is determined by the team member and if no training is saved, carousel is hidden.
  - c. **Top picks for user** displays training that is recommended based on training history.
  - d. **Trending for your position** displays training that is recommended based on position.
  - e. **Inspired by your subjects** displays recommended training based on subjects team member has identified as areas of interest in the online version of I-Learn.
  - f. **Most popular** displays training that was requested the most number of times in the last 60 days. Training is determined by number of requests.

5. Tap the **vertical ellipsis** for additional functions:

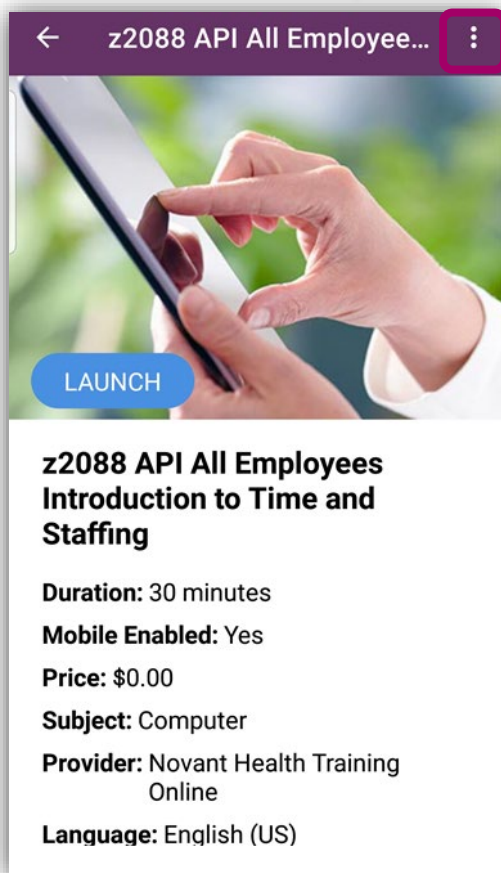

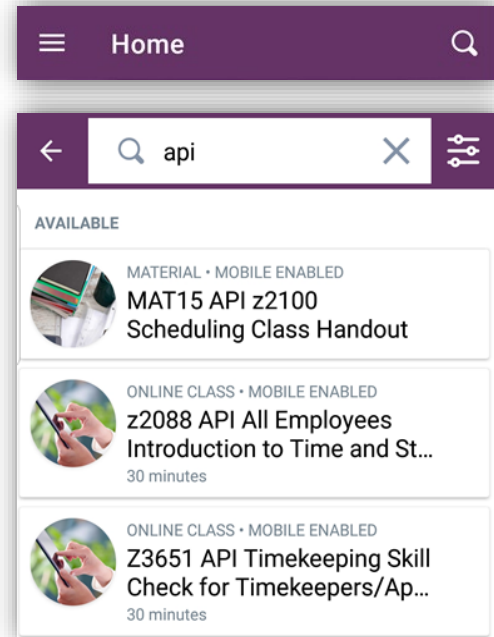

- a. **Launch** training
- b. **Save for Later**
- c. **View Training Details**

# I-Learn: Android devices

## Step Four - Search for training

1. Click the magnifying glass at the top of the app window to open the search field.
2. Search for mobile-enabled training by entering **keywords, course code or title**
3. The search results will show a thumbnail image, the training type, title and duration (when applicable).
4. Tap an item in the search results to open the training details.
5. Tap **Launch** to view the training (online classes may have an arrow on the thumbnail image)

6. To save the training to your transcript to complete later, click the ellipsis in the top right corner of the Training Details window and select Save for Later.
7. Saved training can be launched from your mobile transcript, the training details screen or from the Learner Home Page on the app.

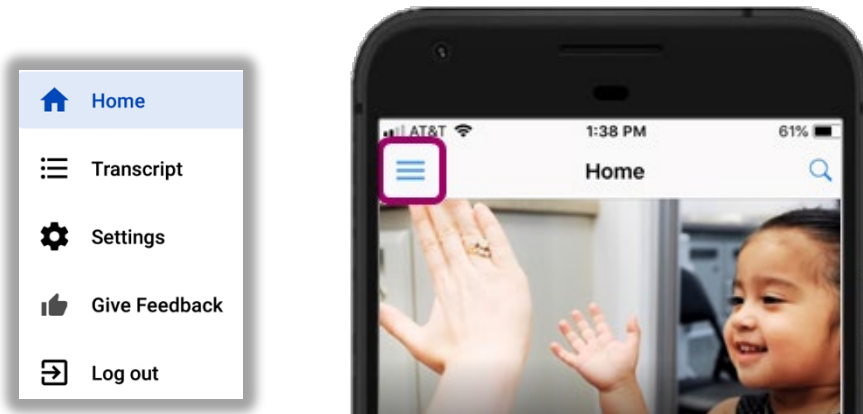

### Note:

Completed training will be reflected in the desktop version of the app. The transcript in the app will only show mobile completions.

# I-Learn: Android devices

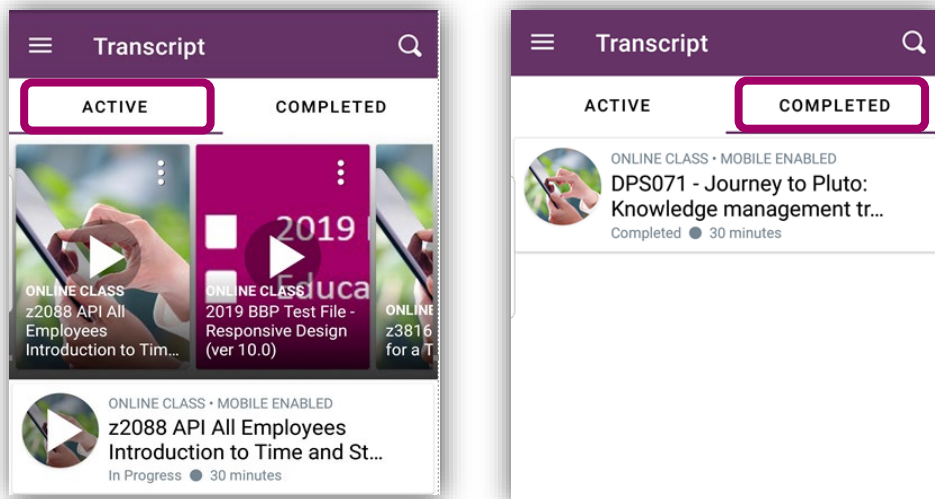

## Step Five - To view transcript (mobile-enabled training only)

1. Tap menu icon in the top right corner of the app screen and select **Transcript**. (Transcript may be at the bottom of the app window on some devices.)

## 2. Tap Transcript

- a. **Active** - Lists active mobile-enabled training. Tap item to launch the training. Tablets are recommended for best viewing experience. (Future classes will be optimized for smartphones.)
- b. **Completed** - Lists completed mobile-enabled training. Training completed on the app will be reflected on I-Learn desktop transcript.

## To Log out

1. Tap **menu icon** (position of the menu icon will vary with device)
2. Tap **Log out**
