

August 2021 bloodborne pathogens (BBP) education

“CEG0042 August 2021 Bloodborne Pathogens (BBP) Education” will be available on I-Learn beginning at 8 a.m., Aug. 1 through 11:59 p.m., Aug. 31.

BBP education is important to assure the health and safety of our patients and team members. It also contributes to minimizing risk to the organization. This mandatory online training module helps support our quality and safety goals.

All Novant Health team members will have until 11:59 p.m. on Aug. 31, 2021, to complete this course. Failure to complete the module by the August 31 deadline will result in:

- Leave without pay until the course is completed. Once the course has been completed, the team member may return to work. Team members who remain incomplete will lose network access and continued noncompliance could result in the team members being considered to have voluntarily resigned their employment.
- If network access is suspended, team members **will be** able to access I-Learn via the external URL (<http://novanthealthlearning.csod.com>) to complete the module. Once the course has been completed, network access will be restored.

Please note: If network access is suspended due to noncompliance, restoration after the course is completed may take **24 hours or more**.

Questions?

- Talk with your leader
- Call your local infection prevention office

Who must complete BBP?

All Novant Health team members and Novant Health providers are required to complete the August 2021 BBP education.

How do I access BBP education?

If using a desktop/laptop, the BBP course must be accessed using **Google Chrome** as the browser:

- On campus (at work): use your Novant Health network access to I-Learn. You **do not** have to enroll in the BBP module. All team members will be **automatically** enrolled.
- Off campus (from home): use “Employee connections” via: <https://www.novanthealth.org/employee-connections.aspx> to access the Novant Health intranet.

Cornerstone Learn app

Use your mobile device to download the Cornerstone Learn app and complete the course on your mobile device (Android & Apple).
