

2022 BBP Education - FAQ

This is a reminder that July 2022 bloodborne pathogens education will begin July 1, 2022 as an online course in I-Learn or via the Learn mobile app. All team members must complete this online course. Team members will have until 11:59 p.m. on July 31, 2022 to complete the online course, “**CEG0042 July 2022 Bloodborne Pathogens (BBP) Education**”.

IMPORTANT INFORMATION YOU NEED TO KNOW:

- CEG0042 July 2022 Bloodborne Pathogens Education will be deployed via I-Learn by Novant Health Education and Training team in order to assure compliance with OSHA regulations.
- The module will be available at 8 a.m. on July 1 and must be completed by 11:59 p.m., July 31.
- The 2022 BBP module uses the Articulate Rise platform.
- All active status team members will have until 11:59 p.m. on July 31, 2022, to complete this course. Non-completion of the module by the deadline will result in:
 - Leave without pay until the module is completed. Once the module has been completed, the team member may return to work.
 - Team members who remain incomplete will lose network access and continued noncompliance may result in team members being considered to have voluntarily resigned their employment.
 - If network access is suspended, team members will be able to access I-Learn via the external URL (<http://novanthealthlearning.csod.com>) to complete the course.
 - Once the course has been completed, network access will be restored. Please note: Network access restoration may take 24 hours or more.
- Team members who are on leave of absence will have five (5) days to complete the module upon their return.
- Leaders will be required to monitor their team members' completions of BBP education through the Bloodborne Pathogens(BBP) Education Completion Dashboard in I-Learn.
- Click [here](#) to access the BBP Completion Dashboard QRG for Leaders.
- Please review the FAQs that follow on the next page...

FAQs

Below is a list of the frequently asked questions [FAQs] relative to completion of the e-learning/mobile course:

- What about team members on leave?
 - They will have 5 days to complete once they return from leave.
- What happens with new hires?
 - New hires completing orientation in July through December 2022 are exempt for 2022.
- Are MedQuest team members required to complete this?
 - Team members at MedQuest in North Carolina have access to I-Learn and will complete theBBP module.
 - MedQuest centers outside of North Carolina have a link to the module from an external server. Manual tracking will be the responsibility of the center manager/supervisor.
- Are Novant Health medical practice team member and providers required to complete?
 - Yes, **all** providers and team members must complete this education.
 - Do providers who completes the accreditation renewal process this year still need to complete BBP 2022?
 - Yes, the accreditation renewal process does not meet the requirements for BBP 2022. They are required to complete the July 2022 BBP module at this time.
- What about contract workers?
 - The employing agency will need to comply with OSHA standards.
 - BBP content is covered in the Non-employed Workers module. Contract workers can review at any time. Review within the 365-day window is important.

- Can team members complete 2022 BBP education on their mobile devices?
 - Yes! Team members should download the Cornerstone Learn app to their mobile device to access BBP education. To ensure the best mobile experience possible, be aware of the following:
 - Only mobile-enabled courses will be available in the app. **2022 BBP is mobile-enabled.**
 - **Must access using Google Chrome**
 - Mobile completions will be seamlessly recorded on I-Learn training transcripts.
 - Scan the QR code to directly launch the course on your mobile device:

- **Important note:** non-exempt team members will be compensated for the completion of required classes via mobile only if approved by their managers.
