

# April 2025 Bloodborne Pathogen (BBP) Education

CEG0042 April 2025 Bloodborne Pathogen (BBP) Education will be available via I-Learn beginning at 8 a.m., April 1 through 11:59 p.m., April 30.

BBP education is important to assure the health and safety of our patients and team members. It also contributes to minimizing risk to the organization. This mandatory online training module helps support our quality and safety goals.

**All Novant Health team members will have until 11:59 p.m. on April 30, 2025 to complete the online course, CEG0042 April 2025 Bloodborne Pathogen (BBP) Education. Non-completion of the course by the April 30 deadline may result in:**

- Leave without pay until the module is completed. Once the module has been completed, the team member may return to work. Team members who remain incomplete will lose network access and continued noncompliance may result in team members being considered to have voluntarily resigned their employment.
- If network access is suspended, team members will be able to access I-Learn via the external URL (<http://novanthealthlearning.csod.com>) to complete the course. Once the course has been completed, network access will be restored.
- Team members who are on leave of absence will have five (5) days to complete the module upon their return.

**Please note:** If network access is suspended due to noncompliance, restoration after the course is completed may take **24 hours or more**.

## Who must complete BBP?

All Novant Health team members and Novant Health providers are required to complete the BBP education.

## How do I access BBP education?

If using a desktop/laptop, the BBP course must be accessed using either **Google Chrome or Microsoft Edge** as the browser:

- On campus (at work): use your Novant Health network access to I-Learn. You **do not** have to enroll in the BBP module. All team members will be **automatically** enrolled.
- Off campus (from home): use either GlobalProtect VPN or Team Member Remote Access (via [novanthealth.org](http://novanthealth.org)) to connect to I-Connect ([click HERE for more information](#)).

## Cornerstone Learn app

Use your mobile device to download the Cornerstone Learn mobile app and complete the course on your Android or Apple mobile device.
