

N Preceptor Prep class

Preceptor Prep class invitation!

To leaders - are you hiring new team members and your current team members (who are going to train them) have not attended a course about precepting?

To team members - do you want to make a good impression on new team members so they want to stay in your department for a long time?

Consider some of your “less productive” ways to orient team members – **do any of the following situations seem familiar?**

- New team members are not acclimated to the Novant Health culture
- New team members do not have someone who is organizing their orientation process
- New team members leave too quickly after orientation

If your answer was “yes” to any of the above, then select key employees in your department and invite them to learn effective tools to manage the onboarding of new team members more successfully!

Who should attend?

This class is designed mainly for team members up through the supervisor role.

Wednesday, March 7, 8:30 a.m. to 5 p.m.

Kilpatrick building
Pearl classroom
4020 Kilpatrick Street
Winston-Salem, NC 27104

Objectives

The information shared in this course will help you to:

- Identify and discuss the roles and responsibilities of the preceptor
- Describe and discuss effective coaching and feedback methods
- Discuss generational differences and how they impact orientation and training of new team members

ANCC credit

6.5 contact hours
