

Are test results positive?

If test results are positive, a furlough is in effect. Action steps include:

1. Team member is utilizing the [Infectious Disease – Corona Virus Symptoms Self-Monitoring form](#)
2. If symptoms markedly improve prior to end of furlough period and/or furlough period is complete (team member **MUST BE** fever-free for 24 hours without aid of fever-reducing medication), the team member uses the link or the QR code provided in the temperature attestation form to access a return to work questionnaire.
3. The return to work team receives the completed form and contacts the team member to establish a return to work timeline/process.
4. If the team member uses the [online screening intake form](#), EOH will re-screen the team member using the [intake travel screening form](#).
5. Based upon the results, EOH will determine if the team member is ready for return to work testing.

REMEMBER!

It's essential for the team members to know EOH is a resource for them and will be a point of contact to escalate care if needed!
