

Has clinical criteria been met for re-testing?

If team member has received a positive Covid-19 test result, additional steps are required to ensure the team member is no longer contagious **(ALL MUST BE MET)**:

- Team member must be fever-free for 24 hours without the use of fever-reducing medication
- Other symptoms have improved (for example, cough and/or shortness of breath have improved)
- At least 7 days have passed since symptoms began

REMEMBER!

It's essential for the team members to know EOH is a resource for them and will be a point of contact to escalate care if needed!
