

Is the team member symptomatic?

This question is addressed by a section of questions in the [Screening related to Covid-19](#)
(ALWAYS USE GOOGLE CHROME to access forms!):

17. Have you tested positive for COVID-19? *

- Yes
- No

- If the answer is **“Yes”** to testing positive for Covid-19, a mandatory furlough is in effect. (Note: forms are provided later in this process for initiating a furlough)
- If the answer is **“No”** to testing positive for Covid-19, continue to gather more information using the form.
- If the answer is **“Still awaiting results”**, a mandatory furlough is in effect.

18. Do you have a fever? (100.1 or higher) *

- Yes
- No

- If the answer is **“Yes”** to fever, continue the form and a future step will address testing.
- If the answer is **“No”** to fever, continue the form.

19. Do you have signs of a new lower respiratory illness? (e.g. worsening cough, or worsening shortness of breath?) *

- Yes
- No

- If the answer is **“Yes”** to respiratory symptoms, continue the form and a future step will address testing.
- Use clinical judgment, if the team member shares the symptoms are due to allergies and there is no fever, then clear them to return to work with a mask.

TIP: If the answer is ‘Yes’ to questions 13 and 14, please select ‘Yes’ for question 15
