

Keep your team healthy with on-site physicals.

A yearly physical is an important step in staying healthy or catching medical issues early. That's why Novant Health Employer Solutions is excited to offer on-site physicals as part of our corporate package.

Each appointment is 45 minutes with a nurse practitioner or physician assistant in a private space within your organization and includes:

- Head-to-toe physical exam
- Discussion of age-appropriate preventive screenings
- Labs
- Referral to a primary care physician or specialist if needed
- Discussion of overall health

How does it work?

YOUR EMPLOYEES WILL:

- Schedule their own appointments using a dedicated link.
- Need to have a Novant Health MyChart account in our electronic health record portal. If they don't have one, we can provide instructions on how to set one up.
- Receive lab results through their MyChart record.

FOR EMPLOYERS:

- We offer direct billing to employer.
- We can bill an employee's insurance.*

* If a participant has received a physical in the last 365 days, it may not be covered by insurance and we may bill for the physical.
