

Connecting you to the care and resources you need

Novant Health Care Connections

Need help establishing care with a primary care provider (PCP) or finding a specialty provider in your area?

Whether you are new to Novant Health or have been visiting one of our providers for years, we are here to help! Our team of support specialists is available 24/7 to connect you to the care you need.

Other ways we can help:

- Preventive care scheduling (screenings, exams, etc.)
- Health education: choosing the appropriate venue of care
- Live chat appointment scheduling
- Class registration

For scheduling assistance, call 1-866-605-3761 or visit [NovantHealth.org](https://www.novanthealth.org) and select "Find a doctor" or "Find a location."
