

# Welcome to Truliant!

We are a not-for-profit financial institution owned by our members. That means our member-owners get lower fees, higher returns on deposit accounts and better rates on loans. And, all of our decisions are made based on what's best for you, not what's best for our bottom line.

Since your employer is a Truliant partner, you can become a member-owner simply by opening a savings account with a \$5.00 deposit. And that deposit remains in your account – it's not a fee.

Once you're a member-owner, you'll have access to all of the great financial products and services Truliant has to offer. Best of all, you can maintain your membership for life, even if you move or change jobs.
